

Monthly OpenELIS Subcommittee Call

July 9, 2014

Participants

1. Roll Call

- A. Gary Jones – OpenELIS Foundation
- B. Dari Shirazi – Iowa
- C. Travis – Iowa
- D. Huy Van Doan – Global Cybersoft Vietnam
- E. Hai Le – Global Cybersoft Vietnam
- F. Kenneth Landgraf – CDC Vietnam
- G. Jon Lipsku – J. Michael Consulting
- H. John Vaughan – The St. John Group
- I. Reshma Kakkar – The St. John Group

Agenda

- 2. Update on changes to the OpenELIS website
 - a. Gary has made several changes to website and asked for feedback
 - b. Dari said it looks good. Like where the notes are being put. Keep it updated.
- 3. Vietnam update
 - a. Huy made a presentation on the planned data exchange between hospital information systems and OpenELIS in Vietnam
 - b. Dari asked why at times were they using HL7 and at other times xml. Huy said they would like to use the standards that were commonly used in healthcare and adopt HL7 as much as possible
- 1. Dari update – OpenELIS2 clinical screen
 - a. Dari made a presentation on the clinical functionality in OpenELIS2 that they had been working on.
 - b. Gary asked if Vietnam was doing patient matching similar to what Dari was doing
 - c. Huy and Reshma said Vietnam would like to do patient matching but were not able to do it at this time. They may set up a call with Dari separately to brainstorm on the patient matching and now best to manage it for Vietnam
- 2. Dari – some environmental labs may be interested in OpenELIS
 - a. Dari stated it may be an opportunity for Jon Lipsky and John Vaughan to explore. He said there may be market opportunities where we may be able to capture some additional labs
- 3. OpenELIS updates for U.S. and Global
 - a. None
- 4. OpenELIS Governance process
 - a. Gary is making some updates. Will be ready for release soon
- 5. Other discussion
